IN REPLY REFER TO:

TO: ALL LAW ENFORCEMENT AGENCIES

FROM: Bill Erwin, Criminal Justice Data Center Advisor

SUBJECT: 1974 First Three Quarters Arrest & Offense Statistics

The third quarter report is an accumulation of arrests and offenses for the first three quarters of 1974. The arrest data is compared with data from the first three quarters of 1971, 1972, 1973, and 1974 as shown in Graphs I and II. In addition, offenses known to the police data has been collected since January, 1973; however, not enough data is available to establish trend summaries.

Arrest data for the first three quarters of 1974 shows a total of 4,532 felony arrests and 28,744 misdemeanor arrests. This amounts to an 8.1% increase in arrests for the first three quarters of 1974 over arrests for the same period in 1973. In addition, there were 27,758 actual felony and high misdemeanor offenses known to police for the same period of 1974.

A comparison of first three quarters felony arrests, as shown in Graph I, indicates that arrests in this category have increased 17.4% over the same period in 1973. Graph I also shows that felony arrests have been increasing on an average of 11.9% per year. In addition, felony arrests have increased 38.7% over the first three quarters from 1971 to 1974.

An examination of misdemeanor arrests indicates that arrests in this category have increased 6.8% over the first three quarters of last year. Graph II shows that misdemeanor arrests have increased 44.5% from 1971 to 1974. This amounts to a 20.3% average yearly increase.

Juvenile felony arrests have been increasing on an average of 15.8% and juvenile misdemeanor arrests have been increasing on an average of 5.7% beginning with the first three quarters of 1972 and for the same periods of 1973 and 1974.
